[United Masonry Contractors Association](#) We serve masonry contractors in the Dallas-Fort Worth area, providing fellowship, education, information and aid in setting standards for professionals in our industry.

The "Golden Trowel Award" is awarded each year by the United Masonry Contractors Association. Stone Legends was chosen to design and produce the 2008 Golden Trowel Award for this year's presentation by the UMCA. This is the first time in UMCA history, an associate member was chosen to provide these prestigious awards.

The [UMCA](#) recognizes member individuals and companies through award programs. The winners of this award share their projects with us all in order to improve our standards excellence in the masonry field.

The [UMCA](#) congratulates the architects, mason contractors and suppliers who worked to collectively construct masterpieces, which have been autographed with excellence.
