

Who will take care of me?

Question

I have had some issues with other stone manufacturers passing me around from one person to another just trying to answer a simple question. How is Stone Legends different and how can I know that you won't do the same?

Answer

This is one of the key reasons we remain as the top competitor in our industry. Not only do we have the highest grade quality cast stone, we have the most user friendly customer service. From the time you contact us we make sure that you are placed with the individual most qualified to handle your needs. This person will be available for you, throughout your entire project, start to finish and beyond.

You will have a personal representative at our company, someone who will find any answers you need. Who knows the industry, and our company very well, and will work with the system to get you what you want, when you want it, at the price you need.
