- We have architectural drawings to match any window design in minutes.
- Stone legends has a superior service department, able to provide your customers with any design or technical help needed.

STONE  LEGENDS

Custom Windows and Stone Legends

1

When a customer chooses a custom window or door, they would have the option to also select a matching Window surround.

2

The customer chooses the Custom shape window that they want.

3

Circle Top Window Surrounds

The customer then is given the choice of including a Keystone or window sill.

4

UID - 16631 Surround
 16712 Sill - 11419 Keystone

Profiles, Keystones, Window Sills, and several other options are offered for the customer's choice.

5

Stone Legends will manage the production and shipping of the cast stone units purchased. We provide assembly drawings for easy installation.

We provide exact packing and shipping information, allowing the Andersen Sales rep to follow the entire production process throughout the job.

6

Every piece ordered has a tracking code, and is mapped onto the specific shipping crate it is delivered on. Every crate is detailed in the packing list.

The final result is a premium product, delivered promptly and safely to the jobsite, to a

Satisfied Customer.
